

Woodland Residence  
New Construction  
Winnetka, IL  
Completed November 2014

Cabinetry & Millwork  
-Lindsey Shotwell

Project Design:  
-Doug Reynolds

This single family residence  
was designed and built  
by Reynolds Group in  
Winnetka, IL.

I was responsible for all  
cabinetry & millwork  
drawings for this project.  
I worked closely with our  
client and custom cabinet  
maker on this project.

Floral Avenue  
Site Plan & Street Elevation  
Skokie, IL  
July 2013 - July 2014

Plan Drawing & Graphic  
Design for design process  
and sales materials.  
-Lindsey Shotwell

Project Design:  
-Streetscape Development

This residential infill project is modeled after the successful School Street development in Libertyville, IL. Single family houses on small footprint lots continue the existing urban fabric filling in dead spaces between Skokie's downtown and nearby neighborhoods.

I assisted with this project during the planning and pre-building stages evaluating previously built buildings for elements to include in this new project. I also helped to develop the plan and documents for home sales.
